INDIAN NAVY SUCCESSFULLY TEST FIRES BRAHMOS LAND ATTACK MISSILE

Indian Navy on 21 April 2017 successfully test-fired the BRAHMOS land attack supersonic cruise missile in the Bay of Bengal, joining an elite club of navies to have the capability to strike on land targets from sea.

The long-range missile was fired from a guided missile frigate INS Teg on a target on land and it yielded desired results.

This successful maiden firing of BRAHMOS Land Attack Supersonic Cruise Missile has significantly enhanced the prowess of Indian Navy and has placed India into the club of select few nations.

INDIAN ARMY SUCCESSFULLY TEST FIRES BRAHMOS LAND-ATTACK MISSILE

The Indian Army on 02 and 03 May 2017 consecutively test fired an advanced version of BRAHMOS land-attack cruise missile in the Andaman and Nicobar Islands, revalidating the weapon's strike capability.

The back-to-back test firing of the block III version of the missile demonstrated the weapon's unmatched lethality of hitting the centre of a designated target in a "top attack configuration" with "bull's eye" precision, meeting all flight parameters in a copybook manner.

BRAHMOS-A SUCCESSFULLY FLIGHT-TESTED FROM IAF'S SU-30 MKI FIGHTER AIRCRAFT

BRAHMOS, the world's fastest supersonic cruise missile created history on 22 Nov 2017 after it was successfully flight-tested first time from the Indian Air Force's (IAF) frontline fighter aircraft Sukhoi-30MKI against a sea based target in the Bay of Bengal. The missile was gravity dropped from the Su-30 fuselage, and the two stage missile's engine fired up and straightaway propelled towards the intended target at Bay of Bengal.

The successful maiden test firing of BRAHMOS Air Launched Cruise Missile (ALCM) from Su-30MKI will significantly bolster the IAF's air combat operations capability from stand-off ranges. BRAHMOS ALCM weighing 2.5 ton is the heaviest weapon to be deployed on India's Su-30 fighter aircraft modified by HAL to carry weapons. BRAHMOS, the world-class weapon with multi-platform, multi-mission role is now capable of being launched from Land, Sea and Air, completing the tactical cruise missile triad for India.

GODREJ AEROSPACE DELIVERS 100TH SET OF BRAHMOS AIRFRAME ASSEMBLIES; BAGS ADDITIONAL ORDER OF 100 SETS

Godrej Aerospace, a unit of Godrej & Boyce Manufacturing Company, handed over the 100th set of airframe assemblies to BrahMos Aerospace for use in its missile systems on 05 Dec 2017. Godrej has been associated with BrahMos programme since its inception in 2001 and is a dominant contributor in manufacturing most of the metallic sub systems for the BRAHMOS missile.

9TH SUPERVISORY COUNCIL MEETING

The 9th Supervisory Council meeting was conducted on 21 August 2017 at NPO Mashinostroyeniya in Moscow, Russia.

Representatives at the top level from the Govt. of India and the Govt. of Russia were nominated to review and take important decisions pertaining to the current achievements and upcoming goals of the Joint Venture Company BrahMos.

AWARDS & RECOGNITION

IIM-TATA Gold Medal Award 2017

Dr. Sudhir K. Mishra being awarded with the IIM-TATA Gold Medal Award by Indian Institute of Metals

The Super Shop Floor Award

BrahMos Aerospace (Hyderabad) was awarded as the "Super Shopfloor" under the Large Enterprises category at The Machinist Super Shopfloor Awards 2017 organised by Worldwide Media Pvt Ltd in Chennai

SEMINARS/ CONFERENCES/ LECTURES

9th Convocation Ceremony at PDDM Jabalpur Engineering College, Jabalpur (M.P.)

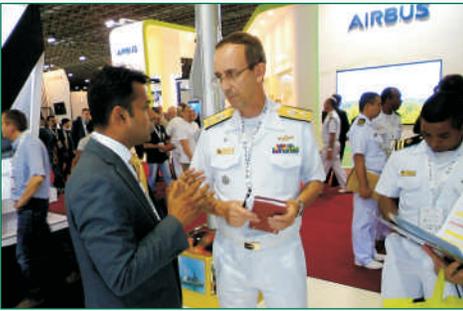

Lecture on "India's Achievements in Missile Technology" at the Steel Colloquium Series, IIT Mumbai

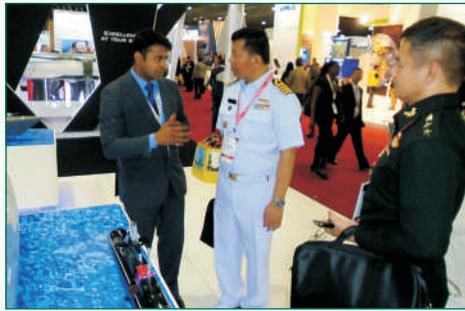

Addressing the participants of Global Symposium 2017 organised by CEPM, New Delhi

PARTICIPATION IN DEFENCE EXHIBITIONS

LAAD 2017 Defence & Security (04 to 07 April 2017) Rio de Janeiro, Brazil

Brazilian Navy Delegation headed by VAdm. Jose Olivera

Thailand MoD Delegation

Egyptian Navy delegation

IMDEX Asia (16-18 May 2017) Singapore
